

Define CS, fit into CC	1. CUSTOMER SEGMENT(S) CS - Students who want to understand difficult academic topics and clear their doubts - Students learning a subject from the basics towards advanced topics - Students revising and preparing for exams	6. CUSTOMER CONSTRAINTS CC - Explanations found online are often too technical for the student's level - Resources are not organized into a proper learning sequence - Re-reading long study material and making own practice questions takes a lot of time - Limited study time around subjects, deadlines and priorities	5. AVAILABLE SOLUTIONS AS Online explanations: available, but often too technical and not personalized to the level Resources in many places: not organized into a learning sequence Study material and self-made questions: revision takes a lot of time Basic question answering tools: do not adapt to learner status, context or goals	Explore AS, differentiate
	2. JOBS-TO-BE-DONE / PROBLEMS J&P - Understand difficult topics and clear doubts (PS-1) - Know what to learn first and next (PS-2) - Revise and practice before exams (PS-3) - Find learning gaps: what is understood and what is missed - Plan realistic study time around deadlines and priorities - Track progress with help tied to the current subject	9. PROBLEM ROOT CAUSE RC - Online explanations are not personalized to the student's level - Resources are not organized into a learning sequence or study plan - Important points are spread across long material; no ready practice questions - Students cannot see their learning gaps or track their progress - Generic help ignores the current subject and study context	7. BEHAVIOUR BE - Search online for explanations of difficult topics - Try to plan which topic to learn first and next on their own - Go through long study material again and create own practice questions - Check whether they really understand a topic before exams	
3. TRIGGERS TR - A difficult topic that is not understood - Starting a subject from the basics - Upcoming exams, tests or deadlines	10. YOUR SOLUTION: EduGenie SL EduGenie: a Google Gemini powered learning assistant that adapts to each student Explain: simple, level-appropriate explanations in text and visual formats (PS-1) Roadmap and study plan: learning path and realistic schedule from deadlines and free time (PS-2) Diagnose and track: adaptive checks find gaps; goals and progress are shown simply Revise and practice: concise revision points and practice questions (PS-3) - Context-aware, chat-based and mobile-friendly	8. CHANNELS of BEHAVIOUR CH 8.1 ONLINE - Search online for explanations and learning resources - Use digital study material EduGenie fit: ask doubts, get roadmaps and practice through chat	Extract online & offline CH of BE	
4. EMOTIONS: BEFORE / AFTER EM Before: confused, less confident, unsure where to start, unprepared After: clear, confident, in control, prepared for exams		8.2 OFFLINE CH - Use textbooks and printed study material - Write own notes and practice questions EduGenie fit: use alongside textbooks and study material		
Identify strong TR & EM
